

Subject:
Religion in Programming

Number: 12-06
Original Issue: 6/28/05

Policy:

Programs, activities, and events that the Vashon Park District sponsors or supports financially shall neither promote nor denigrate, religion or spirituality. Religious or spiritual material may be included in a generally non-religious or non-spiritual program, activity, or event, when the material is presented as part of a broader cultural or historic context, as long as the material does not appear to favor a specific religion or spiritual practice over others. A description of the program should be provided. In this policy the terms “religion” and “spirituality” are intended to encompass both formal organized religions and informal spiritual practices.

Applicability:

This policy applies to all programs, activities, and events that the Vashon Park District sponsors or supports financially.
